

## Non-Political Town Resident Speaks Out...

### “Mr. Charles P. Militello: Take A Seat...”

Over the years I have been hesitant to respond to various public writings in the Pennysaver regarding my purchase in 1997 of the adjacent property “old paper road Point Breeze Drive” and the very “small” odd/irregular shaped parcel of what was town-park.

I choose to make a statement at this time because I’m tired of hearing about it!

Mr. Militello, your false accusations and finger pointing are getting old!

Recently, “you once again” attacked Mr. Tom Partridge’s creditability in being involved with this property transaction, “leading the public to believe he did something wrong”. While throwing your political mud at Mr. Partridge, some has missed him over the years and soiled my family name. I truthfully do not know Mr. Partridge very well. BUT, WHAT I DO KNOW; is you’re trying to Falsely Accuse Mr. Partridge and make him out to be someone he is not. Like Tom, I also live in this town Mr. Militello and I’m not going to let you lie to the town people any more Just So You Can Win An Election. I can only wonder what else you told Residents that was not true!!!

**To The Town of Evans People:** This sale was a legal transaction. It took over eight months to finish making sure every “I” was dotted and every “T” was crossed. The Town Board, all Town Department Heads, the Town Attorney, the former Town Assessor, and the bordering property owners in Point Breeze all gave approval to this transaction. The process further included many “legal” Public Town Board Meetings, a referendum, a “Legal” Contract which was composed by the Town Attorney, a “legal” search and survey, Final Town Board Approval, and a closing / recording / money exchange per the contract. I may have skipped some steps, but I’m sure you get the point... It was a “Legal Transaction”!!!!

By the way Mr. Militello, during the eight months of the process and all the public meetings I never once saw you or heard you speak a single word. NOT ONE PEEP!!! Not until after the fact, when you could try to manipulate votes and discredit someone’s reputation!!!

### Mr. Militello, false accusations and finger pointing is not Leadership...

Town people deserve better. We don’t want to be led by a dinosaur that lies and finger points... We need growth to offset and lower our infrastructure Town expenses. People in this Town need lower taxes, not finger pointing.

Why can’t people like you, let this town grow? Why should residents have to drive 25 minutes in each direction to pay for services and support other Towns? Why do neighboring Towns pay less for Taxes?

Why do people like you, continue to write negative things about our town and scare away good people from coming to live hear?

**JUST STOP**, you are embarrassing the other Town of Evans Residents who do not share your views... I’m talking about all the residents who like our Town and call it “Home”! You Are No Town Watchdog Sir, Just A Dog That Barks, And Barks, And Barks BUT NO ONE HEARS YOU ANYMORE!!!

Mr. Militello I have taken your jabs for years and I ironically have never met you personally. May I offer some advice; the next time you make false accusations and finger point, remember if you get your finger too close you may get burned...

Sincerely,  
Todd M. Nowak

I apologize if this statement has offended anyone associated with our great town. But, Enough is Enough already...

Thank you... This ad was paid for out of my own personal pocket.
